Get the right system and the best value for you.

When buying a pivot system don't play a numbers game. Make sure you are considering the numbers that make a difference; low maintenance cost, minimal downtime, the value of your time, efficient distribution of water on your fields, improved production, the savings of safety and more. These numbers will show you the "The Choice is Simple," T-L!

Then call our number, 1-800-330-4264, to find out how T-L hydrostatically powered pivot irrigation systems can be "Easier on You". Also visit our website at www.tlirr.com, or e-mail us at sales@tlirr.com.
